Final request to have your smoke alarms replaced

Dear Tenants,

In our letter dated xx.xx.2023 we asked you to arrange an appointment with the Techem company to have the smoke alarms in your flat replaced. Unfortunately, you have not made it possible for the required work to be carried out. Our letter was sent after the Techem company had offered dates to you for the work to be carried out and had asked you to make an appointment.

As the landlord, we are obliged to enforce the replacement of the smoke alarms, if necessary by taking legal action with costs. At the same time, we will charge you, as the party responsible, all costs, such as travel costs, fines and, if necessary, compensation for damages. We are now giving you the final opportunity to agree to the smoke alarms being replaced.

We propose for the final time the following date for this work to be carried out:

xx.xx.2023 at xx.xx am.

If you are again unable to have the smoke alarms replaced on that day, please contact the administrator on tel. 527-xxxx to arrange a timely appointment.

If the smoke alarms are not replaced, we will take legal action to enforce this measure.

Yours sincerely
